Kempton, PA 19529
Rev. Lawson M. Smith, Pastor

May 25, 2016

Dear Friends,

On May 19, 2016 the Kempton Society approved the building and funding plan for an addition to the school. Now there will be room for a complete K-12 New Church education here in Kempton. The addition is estimated to cost \$890,000 and we already have \$766,882 of the funds needed to build! We need to raise \$123,118 to fully fund the construction costs and about \$300,000 to endow increased operating expenses.

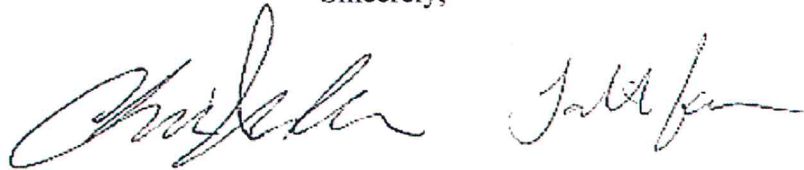

We are getting much closer to making a sustainable K-12 Kempton New Church School a reality.

The Lord teaches in *Arcana Coelestia* 794 that “nothing is of more importance to a man than to know what is true.” It is a primary goal of the Kempton New Church School to support New Church parents in their efforts to teach their children what is true. Now, thanks to the help from so many of you, KNCS is closer than ever to being able to offer this support from kindergarten all the way through twelfth grade for years to come.

If you would like to help push this effort closer to the finish line, a self-addressed return envelope is included with this letter. Please make checks payable to the Kempton New Church with “School Expansion Fund” indicated on the memo line. You can also contribute through kncs.org by clicking on the “Expansion” tab and then on “Contribute.”

“No one can ever fight against evils and falsities until he has learned to know what evil and falsity are, and therefore not until he has been instructed” (AC 1661.2).

Sincerely,

Chris and Tabitha Judson
